

# **Mission Statement of the Connecticut Society of Clinical Social Workers, Inc.**

The mission of the Connecticut Society for Clinical Social Work, Inc., is to advance the profession of clinical social work by upholding the highest standards of clinical practice through continuing education, advocacy, mentorship, community service and public education. The profession of clinical social work seeks to enhance human functioning through the recognition of environmental, interpersonal, biological, and intrapsychic influences on individuals, families, and groups.

We are a member of the [Clinical Social Work Federation](#).
